Tips for safe travels from ETMC – because we care for East Texas.

Like millions of Americans, your holiday season likely will involve some driving. In addition to the universal rules – do not speed; do not text; do not drink and drive – we've assembled some road trip tips.

- **Have your vehicle checked.** Lights, oil, tires, belts, hoses, brakes, antifreeze and battery all need to be inspected before departure. Take along roadside assistance information and keep your cellphone charged in case of emergency.
- **Review weather and road conditions.** Call 511, America's traveler information line, or visit SafeTravelUSA.com to learn information about your route. Consider travel times that avoid the heaviest traffic.
- **Be prepared for emergencies.** Keep a blanket, boots, gloves, flashlight, food and water supplies in the vehicle. Cat litter or sand can be used to improve traction on icy surfaces.
- **Buckle up always.** Use the proper car seat for the age and size of children traveling with you and keep pets restrained. In addition, anyone age 13 or younger should ride in the back seat.
- **Stay alert when driving.** The National Highway Traffic Safety Administration estimates that nearly 100,000 crashes a year are the result of driver fatigue. To combat this, get eight hours of sleep before departing and take breaks – approximately 15 minutes for every two hours on the road. Find a rest area or motel if needed. Avoid distractions and don't push yourself to meet an unrealistic schedule.

Let's not meet by accident.
At ETMC we know the dangers of distracted driving because we treat hundreds every year for vehicle-related accidents at our emergency and trauma centers. We hope these tips help you travel safely and have a happy holiday season. For more information, visit etmc.org/emergency-care
